---

**Experience:**

Tony has over 22 years experience in the accounting industry and has gained valuable experience over 15 years as the financial controller of companies involved in the real estate, telecommunications, property development and civil construction industries before joining PA Lucas & Co.

His corporate experiences and his insolvency background have allowed Tony to use his business proficiency to successfully execute and manage all forms of Insolvency appointments.

With an unflappable manner, positive outlook and a high degree of integrity, Tony has managed the successful administrations of a variety of appointments. His skills include complex cash flow projections, detailed financial analysis, negotiating skills, investigative analysis as well as mentoring all staff.

---

**Expertise:**

Tony's industry sector experience is in Building & Construction, Hotels & Clubs, Engineering, Sporting Associations, Telecommunications and Manufacturing.

---

**Qualifications:**

Certified Practicing Accountant (CPA)  
Bachelor Business (Accounting) – Queensland University of Technology  
Justice of the Peace (Qual)  
Certificate IV in Property (Real Estate)  
Diploma of Property (Real Estate)

---

**Personal:**

Tony is also an active member of the Redcliffe CPA Discussion Group and was appointed the Convenor of the Group for over three years. In "his world" he's a talented musician (the jury is still out on that one), and loves to watch a game of soccer or Aussie Rules when not socialising with his family and friends.
